## Match Report

Our second last game of the season saw us travel to Mt Eliza to take on a Mt Eliza team for the fourth time of the season in cold windy conditions on a slippery surface. Accountability was what we'd been working on at training and the kids got off to a flyer with an energetic start to the game.

Hunter was inspired to perform well with his step dad Guy taking the whistle for the injured Mark and that he did, playing his best game for the season gathering the most possessions in the ground.

Balin's wonderfully consistent season continued at both ends of the ground stopping goals and kicking them at the other end.

Tyler's intensity lifted and Ben wouldn't let his opponent get near it. Levi had plenty of the ball as did Charlie who again played four great quarters.

James took another knock to the head for the 3rd week in a row but bounced back. Luke laid some big bumps and Max controlled centre half back as the kids took it right up to their more fancied opponents.

A huge improvement on the last time we played them. Some of the kids thrived in the freezing conditions and some really struggled but they all stuck together and finished the game strongly.

One game to go guys versus the best side in it Edi Asp. Let's enjoy it and finish strongly.
